TO WHOM IT MAY CONCERN

This is to certify that Snigdhodev Banerjee, has interned with CRY - Child Rights and You from Jun 2nd 2025 to Jun 30th 2025. During his internship tenure, he worked with the Grant Management Function. He was primarily involved in assignments such as conducted in-depth budget diagnostics, identifying 5 key metrics that included over-utilization and underutilization of individual line items mentioned in the MOU, inconsistent spending of the budget in Human resource and Personnel cost, underutilization of the budget amount assigned to the administrative costs and overall actual utilization vs budget allocated for different objectives mentioned in the MOU, which informed strategic realignments, Extracted 3 crucial insights from the data which included calculating the net variance of the budget to be utilized, comparing percentage of the budget utilized vs unutilized and calculating percentage breakdown between core CRY cost and HR cost by conducting quantitative and qualitative analyses to transform raw information into actionable intelligence and Conceptualized and optimized data representation frameworks in MS Excel, creating intuitive stacked column charts and bar graphs that distilled complex financial data of one local direct intervention grant and one foreign grant, thereby enhancing stakeholder understanding and enabling data-driven decisions. We found Snigdhodev Banerjee to be hard-working and good at his work. We wish him all the very best in his future endeavours.

Warm Regards

Rubina Haque
