

To
The Controller General of Defence Accounts (CGDA)

Subject: Request for Transfer on Compassionate Grounds

Sir,

With due respect, I submit the following few lines for your kind consideration and favourable action:

I was transferred from CFA(FYS), BGF, Ichapore to CDA Guwahati and joined M.O. Guwahati on 19.08.2019. Based on the DAD Transfer Policy issued vide HQrs Office letter no. 0600/AN-X/Vol.XXI dated 28/03/2014, I had volunteered for posting in NER assuming that I would be considered for repatriation to my preferred station upon completion of tenure.

Accordingly, in May 2024, after completing nearly five years in NER, I applied for repatriation to Kolkata/Barrackpore/Kankinara. However, I was informed vide letter no. AN/IX/9010/Hard Station-Repatriation/2024 dated 15-07-2024 to opt for any other station. I once again requested the Hon'ble CGDA for reconsideration to Barrackpore/Kolkata/Panagarh, but was instead posted to Allahabad vide letter no. AN/IX/9010/Hard-Tenure Station/2024/TR dt 01-08-2024 due to non-availability of vacancies in Kolkata. As Prayagraj was not among my preferred choices, I requested a change to Tezpur or Rangia and was eventually posted to Tezpur, where I joined on 14.10.2024.

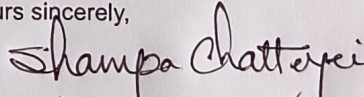

I also wish to submit that 14 AAOs who joined CDA Guwahati in 2022 were transferred to Kolkata vide CGDA letter no. AN/IX/9010/1/AAOs/Repatriation/2025/TR-09 to 40 dated 17.01.2025. Among them, Shri Debashish Das, AAO (Sl. No. 21), who joined Shillong in 2022 and was later transferred to Jorhat in November 2024, has now been posted to Kolkata. In comparison, I have already completed a longer tenure in NER and was advised to complete my minimum tenure further at the present duty station.

On the personal front, my husband manages a medicine shop in Barrackpore (West Bengal), which demands his presence there. My children are studying in Kolkata. This separation from my family, especially in light of my health concerns, is proving extremely difficult and unsustainable. Also, I am suffering from a chronic lung condition which has significantly impacted my health over the years. In 2012, I was diagnosed with Pleural Effusion that required more than a month of hospitalisation. My lungs remain highly sensitive to environmental and allergic triggers. In 2021, I contracted COVID-19, which further deteriorated my respiratory function. Most recently, in July 2024, I was hospitalised due to acute bronchospasm and severe breathing difficulties. I am currently under regular medical supervision and require frequent follow-ups.

Given the nature of my condition, proximity to family and access to better healthcare are critical. Being closer to my hometown would ensure immediate support during emergencies and significantly ease the burden of managing my health. In view of the above circumstances, I humbly request that I may be considered for transfer to Barrackpore/Kolkata/Kankinara.

Thank you for your time, understanding, and consideration.

Yours sincerely,

Shampa Chatterjee, AAO/8338788
