Cover Letter

Please write a cover letter describing why you are interested in volunteering or interning at Seva Mandir, a proposed area(s) of interest, and why you believe your skills and experience will allow you to be successful at Seva Mandir.

Cover Letter (500 words max)

I am writing to express my keen interest interning with Seva Mandir, an organization whose work aligns closely with my passion for community development and social impact. As a final semester Master of Social Work (MSW) student specializing in Community Development at NERIM Group of Institutions, I am eager to contribute my skills and gain valuable experience while working towards Seva Mandir's mission of fostering equitable and sustainable development.

My academic and professional journey has equipped me with a strong foundation in social work principles and hands-on experience in diverse projects. For instance, I have conducted fieldwork focusing on poverty alleviation, education, and health initiatives in underprivileged communities. My dissertation explores the effects of poverty on children's education and well-being, emphasizing the role of NGOs in bridging educational gaps—an area that resonates with Seva Mandir's impactful efforts in education and child welfare.

In addition to my academic background, I bring practical skills in community engagement, program planning, and fundraising. My previous experience includes working with an NGO where I led initiatives such as plantation drives and educational outreach programs for marginalized groups. These experiences have honed my ability to connect with diverse stakeholders, manage projects, and contribute to meaningful change.

At Seva Mandir, I am particularly interested in working in areas such as education, women's empowerment, and rural development. I believe my experience in community-based programs, coupled with my adaptability and commitment to service, will allow me to contribute effectively to your initiatives.

I am deeply inspired by Seva Mandir's holistic approach to addressing social challenges and would be honored to be part of your team. I am confident that this opportunity will not only allow me to make a positive impact but also enhance my understanding of sustainable development practices in action.

Thank you for considering my application. I look forward to the opportunity to contribute to Seva Mandir's mission and to learn from its exemplary work in transforming communities.

To complement your cover letter, please fill in the table below. You may fill in more than one area of interest.

Other (Please specify): ☐		

We want to know more about you:

Is there anything else you would like to share about yourself? I am a compassionate and driven individual with a strong commitment to creating a positive social impact. My background in social work, combined with my hands-on experience in community engagement and program implementation, has fueled my passion for serving underprivileged communities. Beyond my professional and academic interests, I have a deep love for singing, gardening, and cooking. Singing allows me to express myself creatively, while gardening connects me with nature and gives me a sense of accomplishment in nurturing growth—a passion I have also translated into creating terrace gardens as part of my social work initiatives. Cooking, on the other hand, is my way of exploring cultures and bringing people together, which I find incredibly fulfilling. These hobbies not only provide me with personal joy but also reflect my patient, nurturing, and creative nature. They enhance my ability to connect with people, remain grounded, and approach challenges with a balanced mindset. I am enthusiastic about applying my skills and knowledge to contribute to your organization's vision while continuing to grow personally and professionally.
How did you come to know about Seva Mandir? I came to know about Seva Mandir through my faculty professor, Ms. Alina Dutta, who shared her experience of interning with Seva Mandir organization during her postgraduate studies. Her account of Seva Mandir's impactful work in community development and its holistic approach to addressing social challenges deeply inspired me. Motivated by her experience, I researched more about Seva Mandir and was greatly impressed by its dedication to empowering underprivileged communities. This has sparked my interest in supporting its cause and contributing to its mission of sustainable development.
