## SUMMARY

Dedicated and highly motivated Computer Science graduate with a strong foundation in software engineering, artificial intelligence, and data structures. Strong communicator with effective teamwork abilities, consistently contributing to collaborative environments. Adept at managing time efficiently, with a commitment to delivering high-quality work. Passionate about leveraging technology to solve real-world challenges while continuously developing both technical and interpersonal skills.

## EDUCATION

- **National Institute of Technology** Andhra Pradesh, India  
*Bachelor of Technology - Computer Science Engineering* 2020 - 2024  
*Courses:* Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases, Big Data
- **Trinity Junior College** Telangana, India  
*Percentage: 98.4*
- **St John's High School** Telangana, India  
*Percentage: 98*

## SKILLS

- **Front End Development:** HTML, CSS, Javascript
- **Back End Development:** Node js, Python, MongoDB, MySQL
- **Languages:** Python, C, Java
- **Soft Skills:** Leadership, Event Management, Writing, Public Speaking, Time Management

## PROJECTS

- **Multi-Label Classification of Abdominal Trauma Detection using Vision Transformer:** Developed a custom 3D Vision Transformer (custom3DViT) model by leveraging attention mechanisms and fine-tuning hyperparameters, resulting in a significant increase in accuracy from 0.832 with a ResNet-34 based CNN to 0.912 for multi-label classification in abdominal trauma detection.
- **Multi-head Self-Attention and Window-Attention Transformer Model for Multi-Label Abdominal Trauma Classification using 3D CT Scans:** Developed a Dual Attention Transformer model by integrating multi-head self-attention and window-attention mechanisms, outperforming baseline models like DenseNet, EfficientNet, ResNet, and ViT in terms of accuracy, precision, recall, F1-score, and AUC on the RSNA Abdominal Trauma dataset.

## CERTIFICATIONS

- **Effective Computing:** Earned Elite + Silver certification in the course jointly offered by IIIT Delhi and IIT Ropar through NPTEL, indicating strong performance.
- **Statistical Learning For Reliability Analysis:** Earned Elite certification in the course offered by IIT Kharagpur through NPTEL, reflecting solid understanding and proficiency.
