

NIJA JAYAKUMAR

I am a dedicated and ambitious second-year law student with a strong passion for legal research and a commitment to understanding the complexities of law. I have developed a solid foundation in various areas of law, including constitutional law, contract law, and criminal law, and I am eager to apply my theoretical knowledge in practical legal settings. I possess excellent analytical, communication, and problem-solving skills, and I am actively seeking opportunities to gain hands-on experience through internships, clerkships, or research projects. My strong attention to detail, organizational abilities, and eagerness to learn make me an ideal candidate for roles in legal firms, corporate law departments, or legal research teams.
