PROFESSIONAL SUMMARY

A socially driven professional with a background in mechanical engineering and extensive experience in youth empowerment, community engagement, and active citizenship. Skilled in facilitation, grassroots mobilization, and social advocacy. Passionate about fostering inclusive leadership, policy advocacy, and driving social change through innovative and collaborative approaches.

CAREER OBJECTIVE

To enhance children's learning and development by designing engaging lessons, mentoring students, and fostering an inclusive educational environment. Passionate about improving learning outcomes through assessment, collaboration, and community engagement.

EDUCATIONAL QUALIFICATION

- **B.Tech in Mechanical Engineering**
Graphic Era University, Dehradun | 2011–2015
- **Intermediate (Class XII)**
Kendriya Vidyalaya FRI (CBSE) | 2010
- **High School (Class X)**
Kendriya Vidyalaya FRI (CBSE) | 2008

KEY EXPERIENCE

Volunteer & Facilitator – "Yuva" Social Group

- Designed and conducted interactive workshops for 150+ children, leading to a 20% improvement in school attendance.
- Led literacy and numeracy drives benefiting 200+ rural children, enhancing foundational learning skills.
- Developed community-driven education models to address gaps in school participation and engagement.

Civic Awareness & Voter Engagement Campaign

- Led strategic social media campaigns to promote voting rights, contributing to a 15% increase in voter turnout.
- Mobilized 500+ youth using digital storytelling, advocacy sessions, and awareness-building activities.

- Collaborated with grassroots organizations to encourage first-time voters and civic participation.

AIDS Awareness & Health Education Campaign

- Conducted health education sessions for 600+ women and 250+ children on HIV/AIDS prevention and healthcare access.
- Designed awareness programs to promote preventive healthcare measures in underserved communities

Youth-Led Event Organization

- Spearheaded large-scale educational events (Auto Quiz, Meteorology Quiz, Junkyard Quiz) with 750+ participants.
- Designed experiential learning activities to promote critical thinking and problem-solving among students.
- Managed logistics, sponsorships, and outreach efforts for knowledge-driven youth events.

UPSC Preparation & Analytical Development

- Developed in-depth knowledge of governance, public policy, education systems, and social structures.
- Strengthened research and analytical skills in policy assessment, socio-economic issues, and reform strategies.
- Cultivated resilience, strategic thinking, and time management in high-stakes learning environments.

SUMMER TRAINING EXPERIENCE

- Organization : IRDE (DEHRADUN)
- Designation : Trainee
- Period : 4 weeks

KEY LEARNINGS:-

- Gained hands-on experience with CNC machines and precision engineering tools such as jig boring machines and universal gear hobbing machines.
- Studied the fundamentals of FEM (Finite Element Method) and the design of binoculars.
- Developed proficiency in **Solid Edge** software for mechanical design applications.

ACADEMIC PROJECT-UNDERTAKEN

Title: DESIGN OF AIR GUN FOR IMPACT TESTING.

KEY LEARNINGS:-

- Conducted extensive research on internal ballistics to predict muzzle velocity and pressure relationships in air guns.
- Developed predictive models for velocity and pressure dynamics, demonstrating strong analytical and engineering problem-solving skills.
- Applied mathematical and computational approaches to validate experimental results.

SKILLS

Core Skills

- Community Engagement & Workshop Facilitation
- Youth Leadership & Public Speaking
- Social Advocacy & Awareness Campaigns
- Event Planning & Coordination
- Policy Research & Analytical Thinking
- Stakeholder Collaboration & Grassroots Mobilization

Technical Skills

- Social Media Advocacy (Facebook, Twitter, Instagram)
- Graphic Design & Visual Storytelling (Canva)
- Microsoft Office Suite (Word, Excel, PowerPoint)

ACHIEVEMENTS

- **Leadership:** Shouldered responsibility as House Captain in school.
- **Debate:** Won cash prizes in debates and poetry writing competitions

EXTRA-CURRICULAR ACTIVITIES

- **Joint Program Head of SAE (Society of Automotive Engineers):**
 - Led a team to organize technical events and workshops, fostering teamwork and leadership skills.
- **Volunteer for Social Causes:**
 - Actively participated in community service initiatives, including education drives and health awareness campaigns.

PERSONAL DETAILS

Date of Birth : 03/07/1992.
Languages Proficiency : English, Hindi
