### PROFILE

Detail-oriented and a dedicated medical scribe with extensive experience in accurately documenting patient encounters, managing electronic health records, and supporting healthcare providers in delivering high-quality patient care. Adept at conducting quality analysis and providing training to new scribes. Strong knowledge of medical terminology and healthcare procedures, with excellent communication, organizational, and critical thinking skills. Committed to improving healthcare documentation quality and efficiency.

### WORK EXPERIENCE

#### DeliverHealth

Jan 2024- July 2024

##### Medical Scribe Specialist-1

- Functioned as the primary scribe for US physicians, managing and updating electronic health records with precision and attention to detail during night shifts. Provided timely and accurate medical notes, supporting healthcare providers in delivering high-quality patient care. Engaged in continuous learning to stay updated with the latest medical documentation practices and EHR systems.

#### IKS Health

May 2023- Dec 2023

##### Clinical Documentation Specialist

- Served as the primary scribe for US physicians in Internal Medicine and Family Medicine, ensuring accurate and timely documentation of patient encounters.
- Acted as a tutor candidate, coaching and mentoring new trainees to improve their scribing skills and ensure adherence to documentation standards.
- Conducted quality analysis of scribe documentation, identifying areas for improvement and providing constructive feedback.
- Collaborated with healthcare providers to streamline documentation processes and improve overall efficiency.
- Demonstrated flexibility and teamwork by occasionally working extensive shifts to provide assistance as needed.

#### Trinity Esperanca Medical Research Center and Hospital

2022-2023

##### Resident Medical Officer

- Provided comprehensive patient care and maintained treatment plans for inpatients and post-operative cases in a fast-paced clinical setting.
- Documented surgical procedures and maintained accurate patient records to ensure comprehensive documentation of inpatient care, while adhering to high standards of accuracy and detail.
