INTERESTS AND MOTIVATION

I've always wanted to see the world around me become a better place, but I've realized that change begins with me. By taking the first step and leading by example, I hope to inspire others to join in creating a positive impact. CRY's mission of ensuring every child's right to education, health, and protection deeply resonates with my ideologies. Volunteering with CRY is my way of turning my passion for social change into meaningful action that can uplift the lives of children around me and eventually around the world

ADDITIONAL INFORMATION

While I have no prior experience in volunteering, I am a quick learner with a strong sense of purpose and a genuine desire to make a difference. I believe that my willingness to adapt, coupled with my motivation to support CRY's mission, will help me contribute effectively to its initiatives.
