

BELLARY VAISHNAVI

Contact No:9959341419 | Email Id:vaishnavibellary999@gmail.com

CAREER OBJECTIVE

Aspiring governance and development professional with expertise in policy analysis, digital transformation, and socio-economic research. Skilled in data-driven decision-making and governance frameworks, leveraging technology & innovation to tackle grassroots challenges, strengthen e-Governance, and promote sustainable development.

EDUCATION

- Bachelor of Technology**
(Electrical & Electronics Engineering)
Anantha Lakshmi Institute of Technology & Sciences
| 2017-2021 | 67.60%
- Intermediate**
(MPC) Sri Chaitanya Jr. College | 2015-2017 | 88.6%
- SSC**
Sri Chaitanya Techno School | 2015 | 9.7 GPA

GOVERNANCE & POLICY RESEARCH

(Independent Study)

- Researched governance models, public administration, and economic policies to assess institutional effectiveness.
- Analyzed Indian Polity, Constitutional Law, and Administrative Reforms to evaluate policy impact.
- Examined MGNREGA, Digital India, and PM Jan Dhan Yojana for financial inclusion and socio-economic development.
- Applied data interpretation and policy analysis to assess governance challenges.
- Explored international relations and economic policies to understand global governance trends.

PROJECT

TITLE
DESCRIPTION

THD REDUCTION IN EXECUTION OF A NINE-LEVEL SINGLE-PHASE INVERTER

Designed a Reduced Nine-Level Single Phase Inverter using an optimized switch-source blend to minimize switching losses and Total Harmonic Distortion (THD) in power systems.

Researched the role of energy-efficient technologies in enhancing power system sustainability and performance.

MINI PROJECT

TITLE

DESCRIPTION

ROBOTIC MONITORING OF A POWER SYSTEM

Developed a mobile robotic system for monitoring power transmission lines, aiming to reduce manual labor, enhance safety, and improve reliability.

Demonstrated the potential of automation in infrastructure management and smart city applications.

WORKSHOPS & TRAINING

- **PLC Basics** (7-day workshop, JNTUA Anantapur)
Hands-on training in PLC for industrial automation.
- **IoT & Smart Systems** (3-day workshop, Datapoint Info Solutions) Explored the integration of IoT in real-world applications.
- Practical Exposure to C Programming, MS Office, and Power Systems.

KEY SKILLS

- **Governance & Policy Analysis:** Policy Research, Administrative Reforms, Socio-Economic Development
- **Analytical & Decision-Making:** Data Interpretation, Critical Thinking, Problem-Solving
- **Digital Governance & Financial Inclusion:** e-Governance, Public Infrastructure, Financial Literacy
- **Leadership & Communication:** Stakeholder Engagement, Public Speaking, Team Collaboration.

ACHIEVEMENTS & AWARDS

- Prathibha Award – Recognized for outstanding academic performance in SSC.
- 1st Prize, Fun with English Competition – Awarded for excellence in communication skills.

INDUSTRIAL EXPOSURE

- Penna Ahobilam Balancing Reservoir (Water Management Study) – Studied water conservation techniques and reservoir management across the Penna River.
- Wind Energy Project, Amidyala (Renewable Energy & Rural Electrification) – Gained insights into wind energy utilization and rural electrification impact.

ADDITIONAL DETAILS

Languages : English, Telugu, Hindi

Hobbies : Watching Documentaries, Coin collection.

DECLARATION

I hereby, declare that the particular information and facts stated above are true to the best of my knowledge and beyond.
