MOKSHITHA M R

👤 Profile

Analytical and detail-oriented Economics student skilled in economic research, data analysis, and policy evaluation. Proficient in statistical tools (MS Excel, SPSS, Gretl) with a strong ability to generate insights from data. Experienced in report writing and collaborating on impactful projects. Passionate about exploring economic trends.

Achievements:

- Won multiple singing and dancing competitions at intra-school and inter-school levels.
- Secured 3rd place at Penny Pitcher's Playground organized by Arthostav.
- School topper in 10th and 12th grade, demonstrating academic excellence.

Work Experience

Volunteer | Centre for Social Service

- Taught children from underprivileged backgrounds, focusing on foundational education and personal development.

Volunteer | Centre for Service Learning

- Taught children from underprivileged backgrounds, focusing on foundational education and personal development.

Department Representative | Centre for Service Learning

- Engaged in curriculum planning and interactive learning sessions to enhance student engagement.
- Served as the Point of Contact (PoC) for CSL Leadership Camp, coordinating activities and ensuring smooth execution of events.
- Assisted in setting up a CSL stall at the Campus Open Day, representing the organization and engaging with prospective students and stakeholders.
- Facilitated connections between my academic department and various NGOs to enhance service-learning opportunities.
- Maintained attendance records and tracked expenses incurred during service-learning activities.

Student Campus Coordinator | Centre for Service Learning

- Involved in actively coordinating all the activities of CSL across the campus

Academic Projects

- Conducted a comprehensive study on the socio-economic conditions of migrant workers, evaluating employment trends, wage structures, and living standards.
- Analyzed evolving consumer spending patterns in the fast-moving consumer goods (FMCG) sector using market data and economic indicators. Investigated the influence of inflation, income levels, and market trends on purchasing behavior, providing strategic insights.
- Examined economic growth, inflation, unemployment, and investment patterns across five emerging economies to assess macroeconomic stability. Conducted data-driven analysis using statistical tools to identify key trends and policy implications for sustainable economic development.
