Professional Summary

My primary career goal is to work as a clinical social worker in mental health field targeting the vulnerable children and women from varied section of society. I believe that with the help of CRY I could gain a better experience and knowledge as I am open to learn more and contribute to the society as a whole.

Skills and Accomplishments

- **Technical Knowledge:** Basic computer knowledge, Microsoft Office, MSCIT, Microsoft Excel, Typing Course.
- **Languages Known:** English, Hindi, Marathi
- **Other Skills:** Strong writing skills combined with creativity, allowing for crafting engaging and informative content. Ability to conduct thorough research ensuring work is accurate and well-informed, enabling delivery of compelling narratives and insights.

Work Experience

- In 3rd semester of my undergraduate academic year, I volunteered with Akansha Foundation for my field project. My contribution here involved interacting with the kid, creating programme media and community visit along with community mapping
- In the 4th semester of my undergraduate academic year, I volunteered with Seva Sahyog Foundation for my field project. My contribution here involved participating in CSR initiative which included packing bags. The second activity included teaching kids of lower income group in our locality
