

SARAH DSOUZA

Academics

New Era Senior Secondary School

Secondary school - CBSE

03/2009 - 4/2017

Gujarat

CGPA: 9.6

Amity International School

Senior school - CBSE

03/2017 - 4/2019

Haryana

Percentage: 93.6

Vellore Institute of Technology

B.Tech in Electrical and Electronics Engineering

07/2019 - 06/2023

Tamil Nadu

CGPA: 9.27

Experience

United Breweries (The Heineken Company)

Graduate Engineer Trainee

Mysore, Karnataka

07/2023 - 4/2024

- Proactively managing machinery maintenance schedules for enhancing equipment reliability.
- Employing Excel and Power BI for data analysis, enabling insights into resource consumption patterns.
- Maintaining minimum stock level and procurement requisition using SAP software.
- Conducting in-depth RCFA to pinpoint root causes of equipment failures, contributing to informed problem-solving.

Delta Electronics

Quality Assurance Intern

Krishnagiri, Tamil Nadu

01/2023 - 06/2023

- Assisted in the implementation and execution of quality assurance processes and procedures.
- Managed root cause analysis and problem-solving initiatives to elevate product quality.
- Engaged with diverse project teams to identify quality concerns and facilitate the implementation of corrective measures.

Expertise Institute

Market Research Intern

Remote

5/2021 - 08/2021

- Conducted online market research to pinpoint potential partners and generate valuable leads.
- Devised social media strategies for Expertise Institute, optimizing Facebook, Twitter, and Instagram to engage target demographics with well-timed posts.
- Analyzed market data and performed preliminary business research, using data mining and online platforms.
- Contributed to management decision-making through data-driven insights and strategic planning.

Personal Projects

IoT Based Waste Management

Implemented sensors to detect waste levels in bins, enabling efficient management based on real-time data. This application of sensor data highlights its crucial role in optimizing waste collection processes.

Prediction Of Real Estate Pricing

Leveraged data to predict the house prices depending on the house features using Artificial Neural Networks. Also, analyzed the loss and accuracy of different models to determine the best model suited for prediction.

Technical Skills

Languages: English, Hindi, Japanese, Italian

Extracurricular Activities

Core Committee member at IET On Campus VIT

Collaborated with team members to organize events like VITTUC (technical MUN) and Hackoff (hackathon), assisted in sponsorship drives, and ensured smooth coordination with guest speakers, showcasing my versatility in event management. I utilized Microsoft Excel for budgeting and scheduling, while promoting events and webinars effectively to engage students and drive participation.

Content Writer at Habitat for Humanity Trust

Crafted engaging materials to support the organization's goals. My work addressed critical issues such as housing inequality, affordable housing, and sustainable building practices. This experience improved my writing skills and showed me how to customize my content to connect with various audiences, employing narrative techniques to educate the community and foster positive social change.

Eco-creative warrior - Bhumi NGO

Participated in the poster-making process to design visually appealing and informative posters to raise awareness about eco-friendly practices and their benefits. Through my creativity, I conveyed important messages about sustainability and encouraged others to adopt environmentally conscious habits.

Marketing Sales Internship at Skillarena

Developed sales techniques, including pitching products, conducting presentations, and negotiating deals to generate leads. Enhanced my communication and teamwork skills and helped build professional networks within the industry.
