EDUCATION

Thapar Institute of Engineering and Technology, Patiala
B.E. in Computer Engineering
CGPA – 8.00

June 2027 (expected)

Ryan International School, Chandigarh
XII
PCM – 94%, Overall - 89.66%

May 2023

EXPERIENCE

NorthStar

Back-End Developer

Sept 24 – Present

- Working with scalable server-side operations, including setting up an **SMTP** mailing system for efficient communication.
- Improved API response time by **30%** through implementation of **Redis caching**.
- Reduced cloud infrastructure costs by **25%** through optimization of **AWS S3** storage usage.

Salon Dekho

Flutter Developer

May 24 – Aug 24

- Launched** a comprehensive appointment management app for **iOS** and **Android**, built entirely from scratch using Flutter framework and Dart.
- Implemented **automated reminders** and **notifications** to ensure seamless communication between salons and clients, reducing missed appointments and enhancing customer satisfaction.
- Optimized** the app's performance to achieve a **96% reduction** in booking errors and delays.

PROJECTS

Brain Tumor Classifier (ML)

[GitHub](#) [Live](#)

Python3 | Pandas | NumPy | Matplotlib | Seaborn | TensorFlow | Keras | Pillow | CNN

- Using CNN (Convolutional Neural Network) model, predicting whether a person has tumor (3 types) or not by submitting an image of CT-Scan or MRI.
- Model Accuracy ~ **96.186 %**
- Model Loss ~ **23.622 %**

CROWN (App)

[GitHub](#)

Flutter | Google Firebase | Cloud Firestore | Stripe

- Developed a shopping application and implemented core e-commerce features, **cart management** and order processing.
- Leveraged **Google Firebase services** for authentication and scalable data management.
- Ensured a responsive design and authored a **proprietary API** for product management.
- Integrated the **Stripe API** for a secure and reliable payment gateway, ensuring smooth and protected transactions.

SKILLS

Languages

HTML, CSS, JavaScript, Python, C/C++, Dart

Framework

Flutter, Flask, FastAPI, Tailwind CSS, React, Node.js, Express.js, Next.js

Database Systems

MongoDB, Redis

Others

AWS, Google Cloud Platform, Git, Postman

POSITION OF RESPONSIBILITIES

Coordinated **Bootcamp** for freshers under *Centre for Training & Development* with footfall of **3000+**

Organized **ROBO WARS** in campus as part of one of *North India's largest techno-cultural fests*.

Led a session on building impactful **UI/UX designs**, helping over **100** participants understand the role of design.

ACHIEVEMENTS

Secured **7 lakhs** Rupees in grant from Government of India under *MietY TIDE 2.0* for **Rebec Technologies Pvt. Ltd.**
