About Me

As a compassionate and detail-oriented clinical psychology student, I am committed to promoting mental well-being and enhancing the quality of life for individuals. I am eager to apply my skills in a clinical setting, supporting clients in developing emotional and psychological resilience. With a strong passion for ongoing learning, I strive to integrate evidence-based practices in mental health care to guide clients toward achieving their therapeutic goals.

Skills

- Management Skills
- Empathy
- Critical Thinking
- Active Listening

WORK EXPERIENCE

REGIONAL MENTAL HOSPITAL THANE

30 days Observership

January 2024

- Collaborated with psychiatrists, nurses, social workers, and other healthcare professionals to develop comprehensive treatment plans and ensure coordinated patient care.
- Observed intake assessments where clinicians conducted detailed reviews of patients' psychiatric histories, symptom presentations, and treatment goals.
- Gained insight into the application of psychological interventions, witnessing how psychologists utilized evidence-based techniques to treat conditions such as anxiety disorders, personality disorders, and trauma-related disorders.
- Engaged in multidisciplinary discussions, contributing to case formulations and learning how different professionals approach mental health care
