REETI GARG

Carrer Objective

A first-year Economics Honours student with a strong interest in data analysis and a growing passion for creative pursuits. Skilled in Excel, and data visualization, I aim to improve my data management, accuracy, and problem-solving skills while contributing to well-organized and detail-oriented projects

Work Experience

Data and Design Projects

- Managed and organized data for academic and personal projects with attention to accuracy.
- Designed posters and documentation content for academic and extracurricular events.
- Contributed to graphics creation for the Economics Department as part of the media team.

Volunteer Work

- Participated in various social initiatives through college.
- Contributed to community projects supporting underprivileged groups.

Intern at NGO Pehchan Street School

- Designed social media creatives to promote awareness and engagement.
- Created posters and digital content for fundraising and community outreach.

Achievements

Dance

- Completed 7 years of Bharatanatyam; performed at national and international levels (Mumbai, Bangkok, etc.).
- Held the position of Dance Head in high school.
- Member of college dance team; active in stage and street performances

Drama & Production

- Active member of the college production house and the Economics Association.
- Participated in street plays, including scriptwriting and backstage coordination.
- Won several awards for street plays and mimes.

Academics

- Scored 91.2% in 10th grade (CBSE)
- Achieved 95% in 12th grade (Commerce with Mathematics).
- Secured a 3.7 CGPA in the 1st semester at Christ University.
- Completed coursework involving data management and Excel-based analysis.
