Objective

Motivated and enthusiastic high school student at Prakriya Green Wisdom School, with a strong passion for science and technology. Seeking an internship to apply my problem-solving skills, scientific curiosity, and gain a practical experience in a stimulating experience. Passionate about physics, mathematics, cricket and community-driven initiatives.

Education

Prakriya Green Wisdom School | Class 10 | Expected Graduation: 2026

Key Skills

- Problem solving , Critical Thinking
- Academic Excellence
- Proficiency and Keen interest in Mathematics and Physics
- Research and Presentation skills
- Community driven mindset
- Communication and teamwork
- Sportsmanship and physical endurance

Academic Excellence

- One of the toppers in my school consistently for the last 3 years.
- Achieved an average of ~ 90% across all subjects and languages, ~ 95% in Mathematics and Sciences.
- Selected for AhaGuru - Hall of Fame 2024 as an exemplary student.
- Took initiatives to teach passionate topics in Math, Physics and Chemistry in school.

Science Projects

- Stimulated a milky way galaxy effect in the Chemistry Lab for a documentary movie using chemical reactions.
- Created an electromagnet using two batteries and copper wire acting as solenoid.
- Participated twice in Techfest IIT Innovation Challenge by IIT Bombay and submitted the below innovation ideas-
 - Sustainable Plastic Waste Management- Plastic Waste To Precious Wealth
 - AI Driven Agri-Innovation.
- Researched and presented findings on the impact of lead pollution
- Created a battery cell using cathodes, anodes and electrolytes.

Community Involvement

- Completed an internship at a NGO 'Goonj'
- Three weeks program involving lot of engaging activities including collection drives, understanding how logistics work
- Conducted a collection drive at my community. Made it engaging by the addition of games.
- Led a team of child volunteers and gave them an opportunity to be part of this drive.
- Successfully coordinated logistics, outreach, and event execution

Workshops and Courses

- Participated in the online Physics workshop organized by Azim Premji University on topics- 'Physics of our Planet' and ' Non-technical explanation of Quantum Physics'.
- Participated in a 2 day workshop (National Conference) - 'Children Need Nature' conducted by our School.
- Completed Time Management online course in Infosys.

Extracurricular Activities

- **Sports**
 - Captain for school basketball team.
 - Led the team to victory in inter school basketball competition.
 - Actively contributed to winning inter community cricket league matches
 - Winner of many athletics events including running, high jump , long jump etc. at the school level
 - Plays many sports including tennis, table tennis , badminton and reached significant levels in tournaments.
 - Participated in a running event.
- **Movies , Literature Music Enthusiast**
 - Created documentary movie- Terrain Over Time as part of our school team project
 - Have contributed to the school magazines by writing short stories.
 - Cleared 3 levels of exams in Tabla.

Certifications & Achievements

- As attached in the mail
