Leadership and Activities

Event Coordinator, Microsoft Student Club

January 2023 – November 2023

- Led the planning and execution of workshops and seminars on technology and innovation.
- Collaborated with industry professionals to provide insights and networking opportunities for students.
- Managed a team of volunteers to ensure smooth operation of events.

Member, IEEE Student Chapter

January 2023 – November 2023

- Participated in organizing technical workshops and guest lectures.
- Engaged in projects focusing on technological advancements and their societal impact.
- Contributed to the publication of the chapter's newsletter.

Motivation to Volunteer with CRY

Having actively participated in educational and mentorship roles, I am deeply inspired by CRY's commitment to child rights and development. Volunteering with CRY aligns with my passion for contributing to the betterment of children's lives and provides an opportunity to apply my skills in a meaningful way. I am eager to be part of an organization that drives positive change and empowers communities.
