About Me

I am a student social worker, currently pursuing her Masters in TISS , Mumbai , specializing in Community Organization and Development Practice(CODP).Driven by enthusiasm and a learning approach, I thrive for incorporating academics and practice. Passion for the causes of equitability, growth, justice and sustainability pushes me to explore realms that remain unexplored to me.

Education

Secondary and Senior Secondary

2019 and 2021

D.A.V. Public School

I completed my Secondary (Xth Standard) with an 82% and completed Senior Secondary , in Humanities , with a combination of Sociology , Political Science, Economics, History and core languages with a 91%.

Bachelors of Sociology

Calcutta University

2021-2024

Having completed my bachelors in sociology, and having done research work, I have a robust base in it. Additionally, having a prior three year base of having studied about social issues, need analysis comes naturally to me. My sociology base comes in handy while doing community engagement, being context specific, community stakeholder engagement and other assessments. I graduated my course with a CGPA of 7.6.

M.A. in social work (Community organization and development practice)

2024-2026

TISS, Mumbai

I am currently pursuing my masters in social work at Tata Institute of social Sciences, Mumbai and am driven by motivations of making an impact, at both grassroots and macro levels. I have organized and lead multiples teams for school and institute level events. Specializing in skills like case and group work, community organization, social welfare administration, critical thinking, I try bringing in academics to the field and vice versa to make things realistic.

Experience

Fundraising Intern

April - May 2024

ODMP

I have worked as a fundraising intern for ODMP during my bachelors days. I was responsible for finding potential donors, contacting them, raising funds, maintaining a database for the same. I learnt the skills of organization, fundraising, maintaining records.

Fieldwork intern

2024-2025

Sneh Asha Foundation

As a part of my fieldwork, I am placed at Sneh Asha. As my work there, I work with children of BMC schools, in Dharavi, assess needs, intervene as required. Case work, group work, referral services form a crucial part. I have also organized role-plays, nukkad natak, sessions for certain kind of interventions. I have also conducted community profiling for the Dharavi region in Sion, Mumbai.

We also do need assessment via interviews, house visits, FGDs and plan intervention in the Kumharwada community there. I have planned awareness campaigns, Nukkad natak for the same. In the process, I work with local stakeholder, adolescents and women. I also have experience in stakeholder engagement for purposes of organization expansion. The organization's expansion has given scope for engagement with stakeholders, establishing new computer labs in different BMC schools.

Skills

- Report writing
- Canva

Certifications

- AI dashboard using Microsoft *Power BI*
- Data Reduction and Classification Techniques Using SPSS

Co- curricular

Organizing school level events

As a part of school and center level events, I have led and organized quite a few of them . As of now, I have played roles in leading an event for the school level fest. In the process, I contacted over a hundred organizations and built relationships with them to extend our hospitality and invitations, did follow ups and organized the event. I was the official point of contact for all communications .

I also organized an endowment lecture with maintaining minutes, documents, overseeing processes, mobilizing people. This also included the learning of inter and intra team management.

Publishing and Editorial team for a magazine

As a part of CODP magazine, which is a new student project for the Centre that I study in , I am the part of the Editor team and play a key role in prospect mapping and initiating dialogue between various alumni , thus , taking care of the communications part for the team .
