Bharath Chandra

Summary

Looking for a challenging role in the reputable organization to utilize my technical, database and management skills for the growth of the organization as well as to enhance my knowledge about the new technologies and the emerging trends.

Experience

Make Skilled - Team Leader

Hyderabad, India

08/2022 - 09/2022

- Led a team to build a smart shoe prototype for blind people using IOT technology
- In this internship I learned how to connect different sensors to Arduino and how to write code for different applications
- This internship helped me to learn about the concepts of IOT technology.

Projects

Project name-Smart Water Irrigation System for Farms

Role- Team Leader

Project description -Implementing a smart water irrigation system for farms using IoT can optimize water usage, enhance crop yields, and reduce labor costs.

Project name-Design and Implementation of Aquaculture Monitoring and Controlling System

Role-Team Leader

Project description- This project focuses on enabling users to monitor and maintain their aqua farm through a server of database from any location.

Project name-Smart Shoe Using IOT,

Role-Team Leader,

Project description-Smart shoes for the blind can significantly enhance mobility and safety. Equipped with sensors and connectivity features, these shoes can detect obstacles and provide real-time feedback to the wearer through vibrations or audio cues.

Declaration
