SUMMARY

An enthusiastic aspiring HR professional with a strong technical background, currently pursuing a **Master's in Personnel Management and Industrial Relations** from **Banaras Hindu University (BHU)**, Varanasi. Passionate about **HR analytics, talent management, employee relations, and training & development**, I aim to leverage my technical expertise, experience, leadership and process optimization skills to enhance **employee well-being** and drive **organizational growth**. Eager to apply data-driven insights and innovative solutions to **create a positive workplace culture** and **support effective HR strategies**.

EXPERIENCE

Data Engineer / Cloud Associate

Niveus Solutions Private Limited

December, 2022– October, 2023
Mangalore

- Trained in ETL development, working with cross-functional teams to deploy data systems for business-critical forecasting needs.
- Collaborated with stakeholders to understand business requirements and facilitated the seamless transfer of SAP data to Google Cloud for forecasting systems, enhancing organizational decision-making.
- Translated and validated SQL queries to ensure the data integrity required for business insights, working closely with teams to ensure smooth implementation.
- Got an opportunity to work on technologies like:
 - Google Cloud Platform – A public cloud platform
 - Google BigQuery
 - Airflow
 - Cloud Composer
 - SQLs

Cloud Developer

Tata Consultancy Services

July, 2021 – December, 2022
WFH

- Upon joining TCS, I underwent a 3-month training program focused on cutting-edge technologies such as ML, Python, AR/VR, DevOps, and Security, enhancing my technical expertise and adaptability in a fast-paced, evolving environment.
- Allocated to a project as a Cloud Security Developer, I enhanced my collaboration, communication, and problem-solving skills by working with diverse teams to implement security measures, fostering effective teamwork—crucial for HR roles.
- Got an opportunity to work on technologies like:
 - Google Cloud Platform – A public cloud platform
 - Terraform – Deployment of security policies (Policy as Code) using Terraform and CI/CD pipelines in GCP.
 - Agile project management tools like JIRA and Confluence.
 - Forseti Security - Open-Source Security and Monitoring Tool.
 - Linux

President and Managing Trustee

HHFC TRUST

August, 2019 - March, 2021
Patna, Bihar

- I am the Founder of the HHFC TRUST since 2015.
- Oversaw managerial functions, including strategic planning, team coordination, and operational management.
- Led initiatives to solve basic societal problems using young talent and modern technology.
- Managed technology development, from system creation to real-world deployment and maintenance.
- Developed three full-stack web applications using Angular & Django to support organizational goals.

Teacher

Achievers Point of Education

April, 2019 – June, 2019
Patna, Bihar

- Shared my knowledge with primary kids.
- Conducted classes in social studies, Computer, Science, and Mathematics mostly of the CBSE curriculum.

Certifications and Awards

Google Associate Cloud Engineer

July, 2022–2025

By Google

This certification gave me an overall tour of all the services provided by Google Cloud Platform. The Google's Qwiklabs access gave an opportunity to have hands on as well.

- Candidate ID: ea6d9487-f0ad-4757-99cf-c7f787a7a02f
- Certification ID: F2usex
