I have recently completed my fourth semester (second year) of the Bachelor of Arts in Sociology program at Kishinchand Chellaram (KC) College, under the Hyderabad (Sind) National Collegiate University (HSNCU). As part of the academic requirement, I am expected to complete a 120-hour internship relevant to my field of study before entering my third year.

My academic journey in sociology has shaped my ability to view social issues through an interdisciplinary lens, fostering a deeper understanding of human behaviour, social structures, and the experiences of marginalised communities. I am particularly interested in areas such as character development, mentorship, and inclusive practices that promote overall well-being. Through this internship, I hope to gain practical experience that complements my theoretical learning and allows me to engage meaningfully with real-world social contexts.

EDUCATION

Level of Education	Name of degree and specialization subjects	SGPA / Percentage	Period
SYBA (Semester 3)	SYBA in Sociology Indian Sociological Perspective, Popular Culture, AIC- Early India, Museum Studies and Conservation, Hindi, GE- Chemistry Cosmetics	SGPA secured- 9.45	2024-25

Secondary School Examination (X) David English Medium School, CBSE	English Language and Literature, Hindi, Mathematics, Science, Social Science, Computer Application	Percentage secured- 88.6%	2020-21

While I haven't formally engaged in long-term volunteering, I have participated in several enriching activities during my school years that exposed me to community engagement and field experiences. As a member of the *Bharat Scouts and Guides*, I had the opportunity to attend multiple camps, one of which was in Khopoli. There, I interacted with tribal communities and villagers, observed their traditional lifestyles, listened to their folk songs, and gained insights into the challenges they face daily. This experience deeply impacted my understanding of rural life and cultural resilience.

Additionally, I participated in a *tree plantation drive in Alibag*, contributing to environmental awareness and sustainability efforts. In 2016–17, I visited the *SOS Children's Village School in Sogaon* during Rakshabandhan through my school. This experience was particularly moving, as I witnessed how the school creates a nurturing, home-like environment for orphaned children, complete with culturally inclusive dormitories, a large playground, and education facilities designed to make children feel a sense of belonging regardless of their state of origin.

More recently, from *April 9 to April 17*, I completed a *short internship at a pre-primary school in Satirje Chondi*. This experience gave me hands-on exposure to early childhood education, classroom dynamics, and the imaginative, curious nature of young learners. I observed the ways in which teachers manage classroom behaviour, respond to children's questions, and collaborate with parents to support holistic development. It reinforced my belief in the importance of parental involvement and teacher-child relationships in early education.

ASSIGNMENTS

I have completed SLE assignments resulting in excellent grades that explore a diverse range of sociological topics, including the sociological imagination for “Rocky Aur Rani Ki Prem Kahani”, a historical film analysis of “Sahib Bibi Aur Ghulam”, and a personal reflection on caste in India. Additionally, I have analysed M.N. Srinivas's “Remembered Village”, conducted a sociological film analysis of “Hamid”, examined the impact of industrialisation and corporate negligence on vulnerable communities through the Bhopal Gas Tragedy, and studied my family's migration history in detail. These assignments have provided me with a comprehensive understanding of key sociological concepts and their real-world applications.

AWARDS

I was actively involved in Scouts and Guides during school, serving as a guide from 5th to 9th grade. I participated in various camps, the highlight being a District Camp in Khopoli and the Bharat Scouts and Guides 352nd National Adventure Programme in Pachmarhi, Madhya Pradesh, in November 2016, where I was honoured with a certificate and a trophy. I also secured first place twice in the Seva Mahotsav (Khari Kamai) and was a proud member of my school's march-past team. I also took on an active role as an anchor for various school events. Furthermore, I participated in a tree plantation drive to Kankeshwar during my school days.

I completed my Elementary and Intermediate Drawing Examinations in 2017 and 2018, respectively, achieving Grade A in the former and Grade B in the latter. I showcased some of my art sketches and drawings at my school's art exhibition and also contributed to decorating the school on special occasions.

I was “class topper rank 1” for the British Council SOF International English Olympiad in 2018, which qualified me for the state level, where I achieved third place.

SKILLS

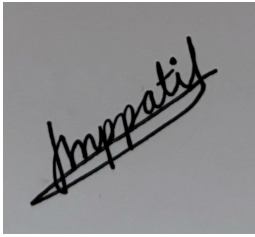

Soft skills: Teamwork, critical thinking, creativity, empathy, emotional intelligence, patience, trustworthiness, writing, dependability, and love for kids and animals.

Hobbies+Interests: Sketching, cursive writing, creative writing, watching documentaries, cooking, volunteering, travelling.

Languages: English, Hindi (Passive fluency), and Marathi (Native).

If chosen for an internship with CRY, I aim to bring empathy, dedication, and a learner’s mindset. With prior exposure to children's environments, through my pre-primary school internship and interactions at the SOS Children’s Village, I understand the importance of nurturing a child’s sense of security and belonging. I hope to contribute by actively participating in fieldwork, supporting awareness initiatives, and helping design engaging, child-centred activities. I'm also eager to learn from CRY’s grassroots approach and use that knowledge to support children’s rights more effectively in the future.
