Objective

Detail-oriented and proactive undergraduate student seeking an internship role in research and documentation at an NGO. Bringing strong communication, writing, analytical, and technical skills to contribute to impactful social initiatives.

Education

BVRIT Hyderabad College of Engineering for Women (2020–2024)

B.Tech in Information Technology | GPA: 6.88

Narayana Junior College, Hyderabad (2018–2020)

Intermediate - PCM | 93.4%

D.A.V Public School, CBSE (2017–2018)

Class 10 | 94.3%

Key Skills

- Strong typing skills and attention to detail
- Excellent written and verbal communication
- Report and presentation writing experience
- Analytical and problem-solving mindset
- Proactive, quick learner, and self-motivated
- Teamwork and interpersonal skills
- Basic technical knowledge (Python, MS Excel, MySQL)

Academic Projects & Contributions

Brain Tumor Detection Model (Academic Project)

Created reports and presentations as part of project documentation. Worked with medical imaging data to classify types of brain tumors using deep learning methods. Focused on clear communication of technical outcomes for non-technical academic review.

Patient Management System Web App

Designed an interface to collect and manage patient records. Emphasis was placed on clarity, form design, and user-friendly communication of data. The project simulated real-world record keeping and communication tasks.

Certifications & Involvement

- Data Science Course – Teachnook & IIT Bhubaneswar (Feb 2023)
- Member of PR Team – Google Developer Student Club (GDSC)
- Participated in Engineering Equity Hackathon (GDSC BVRITH)
- Participated in TECHTHRONE Event – Osmania University
- Hackathon Participant – Virtusa
