ABOUT ME

Driven and ambitious Computer Science Engineering student at SRM University, passionate about technology, finance, and entrepreneurship. Skilled in Java, C++, C, and HTML, with proficiency in Microsoft Office, PowerPoint, and Excel. Adept at identifying market opportunities and developing innovative solutions, with experience in launching and managing multiple business ventures, including a sneaker and apparel resale brand. Strong background in financial management, sponsorship acquisition, and project development, with a keen interest in AI-powered applications and digital transformation. A proactive leader with an analytical mindset, committed to continuous learning and leveraging technology to create impactful solutions.

PROJECTS

[01/06/2024 – 10/06/2024]

Dog Breed Predictor

Developed a deep learning model to classify dog breeds based on image inputs using CNNs, enhancing accuracy in breed identification.

HOBBIES AND INTERESTS

Technical & Business Interests

Deeply interested in AI-driven applications, financial markets, and digital transformation. Passionate about developing innovative tech solutions that merge finance and technology to create impactful user experiences. Enthusiastic about entrepreneurship, market trends, and strategic business growth, constantly seeking new opportunities to innovate and scale ventures.

Fitness & Lifestyle

Committed to personal fitness and well-being, with a focus on strength training and maintaining an active lifestyle. Enjoys exploring sneaker culture and streetwear fashion, combining aesthetics with functionality. Passionate about designing limited-edition apparel inspired by mysteries and conspiracies, bringing unique storytelling to fashion.

MANAGEMENT AND LEADERSHIP SKILLS

Strategic Leadership & Management

Experienced in leading teams, managing business operations, and executing strategic initiatives with a results-driven mindset. Adept at coordinating cross-functional teams, negotiating sponsorships, and driving brand growth. Proven ability to handle high-pressure situations, make data-driven decisions, and optimize resources efficiently. Passionate about fostering innovation, collaboration, and long-term success in both technical and business ventures.

LANGUAGE SKILLS

Mother tongue(s): Hindi | English

Eager to apply my technical skills, business acumen, and problem-solving abilities to dynamic projects and entrepreneurial ventures. Always open to learning, collaborating, and pushing boundaries to create innovative solutions that drive impact.
