SUMMARY

Detail-oriented and highly motivated **3D Artist** with hands-on experience in **hard surface modeling**, **PBR texturing**, and **UV unwrapping**. Proficient in **Autodesk Maya**, **Blender**, and **Substance Painter** with a strong foundation in asset creation for games and animations. Adept at delivering production-ready models under tight deadlines, blending artistic vision with technical accuracy. Seeking to contribute creative and technical skills in a dynamic, collaborative studio environment.

TECHNICAL SKILLS

3D Software: Autodesk Maya, Blender

Texturing & UVs: Substance Painter, RizomUV

Design & Post: Adobe Photoshop, Illustrator, Premiere Pro

Core Skills: PBR Workflow, Low to High Poly Modeling, UV Unwrapping, Baking Maps, Asset Optimization, Scene Setup

PROJECTS

3D Asset Development – Defence Research and Development Organisation ([Link](#))

- Developed **two production-ready military-grade assets** under a 48-hour timeline.
- Modeled complex hard surface props in **Autodesk Maya** and **Blender**.
- Applied **PBR materials and realistic wear** using **Substance Painter** with proper map baking.
- Optimized mesh topology and UVs for real-time rendering and clean shader integration.
- Delivered fully packaged assets, including normal, AO, roughness, and metallic maps.

Brand Identity & Multimedia – Chiasma Pharmaceuticals ([Link](#))

- Designed the **core logo** for Chiasma Pharmaceuticals, establishing a modern visual identity.
- Produced **branded posters and promotional videos** using **Photoshop** and **Premiere Pro**.
- Delivered consistent design assets for digital and print marketing.
- Helped improve the brand's engagement through professional visual storytelling.
