Trainocate

EXPERIENCE

WIPRO Limited - Java Full Stack Developer
July 2022 - Present

- Contributed towards the development of FedEx shipping applications by implementing new features, enhancements, and defect fixes.
- Managed application servers and databases to ensure optimal performance and reliability.
- Collaborated with cross-functional teams to deliver high-quality software solutions.
- Utilized technologies such as Java, Maven, Spring, REST API, SQL, Jenkins, and deploy to streamline development processes.
- I worked on various major releases for the FedEx Shipping application and Report Tools. I also got a chance to work with Clients on solving major production issues/defects.
