- Tamil

Skills

- Teaching
- Active Listening
- Adaptability
- Communication

Experience

● U&I Trust, Non Profit Organisation, Bangalore

Teacher Volunteer

July 2022 - March 2023

Started in 2011, U&I is a not-for-profit organization that facilitates education for underprivileged kids and cares for children with special needs.

This opportunity to be able to "be the change" is heartwarming and unique. In addition to creating an impact on young minds, the professional and structured approach to social change by U&I is a key takeaway from this volunteering experience.

● SA-MUDRA FOUNDATION

Intern

June 5th to July 5th, 2023

Interned at SA-MUDRA Foundation, a registered charitable organization in Bangalore dedicated to youth wellness and empowerment since 2008. My role involved creating social media content to raise awareness about mental health issues. This experience provided valuable insights into leveraging online platforms for community engagement and promoting mental health initiatives effectively.

● ADARANE CHARITABLE TRUST

Intern

May 1st to May 31st, 2024

Gained insights into the NGO's mission through meetings and facility tours. Assisted with organizing library resources and engaging with children. Prepared fundraising campaigns on platforms like Ketto and conducted fieldwork for Social Investigation Reports. Enhanced online presence through social media content and contributed to creative projects during a UNICEF inspection.
