PROFESSIONAL SUMMARY

I am a highly motivated first-year B.B.A. LL.B. (Hons.) student at Amity Law School, Amity University Kolkata, with a keen interest in corporate law, media regulations, and civil rights. My approach to law combines rigorous legal analysis with practical reasoning, which I actively apply through moot court competitions, mock trials, and Model United Nations and fine arts where I have consistently excelled. Beyond academics, I channel my creativity into filmmaking—producing short films and documentaries that explore socio-legal themes—while also engaging in political discourse and literary analysis. My goal is to merge my legal expertise with my passion for advocacy and storytelling to contribute meaningfully to the field.

EXPERIENCE

Volunteered at Hope Kolkata Foundation an old age home, conducting legal awareness sessions on elderly rights. Active participant in moot courts, Model UN also worked with various social media pages as PR and Editor. I also have my own production for 5 years called HEMLOCK SOCIETY where we make films and audio books for youtube
