Address : B/6,Shree Saraswati Anantraj C.H.S, Karve Rd, Vishnunagar, Dombivali (W)

CAREER OBJECTIVE

To join a tech company where I can leverage my knowledge in computer applications, software development, and problem-solving skills. I am enthusiastic about contributing to cutting-edge projects and eager to learn and grow within the industry, aiming to support the company's technological advancements and achieve professional development.

SOFT SKILLS

Collaborative

Technical know-how

Can confidently face challenges and complete assigned tasks with dedication and efficiency.

Problem Solver Quick Learner

Eager and enthusiastic about exploring and learning new things.

EDUCATION

- Dr. BMN College of Home Science (SNDT University), Matunga - Bachelor of Computer Applications (BCA)
Pursuing TYBCA - Expected Completion : [April , 2025]
Semester V (2024) - 94%
Semester VI (2024) - 95.67%
Semester III (2023) - 94.83%
Semester II (2023) - 88.67%
Semester I (2022) - 87.00%
 - V.G. Vaze Kelkar College, Mulund
Higher Secondary Certificate (HSC) - March 2022
81.33%
 - S.I.A High School , Dombivali
Secondary School Certificate (SSC) - March 2020
94%
-

TECHNICAL SKILLS

- **Programming Languages:** Java, C, C#, Python, JAVASCRIPT, R (Basic)
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Operating Systems:** Windows, Linux (Basic)
- **Tools:** MS Office, Visual Studio Code
- **Other Skills:** Data Structures and Algorithms (DSA)

PROJECTS

Worked on a full stack web development project "Bloodlife".

Project Title: BloodLife **Languages & Tools:**

- Frontend: HTML, CSS, JavaScript

- Backend: Python (Flask)
- Database: MySQL

Project Details:

BloodLife is a full-stack web application designed to bridge the gap between blood donors and individuals in need, especially during emergencies. The platform simplifies the donation and request process through an interactive and easy-to-use interface.

Key Features:

1. **Request for Blood:** Patients fill out a request form, and the system displays nearby matching donors based on blood group and location. Emails are sent to potential donors with options to **Accept** or **Decline** the request.
2. **Donate:** Donors can register by submitting their personal and blood-related information. Their details are securely stored in the database for future matches.
3. **Nearby Hospitals:** Users can find nearby hospitals and blood banks using location-based mapping.
4. **Events:** Admins can post and manage details of upcoming blood donation camps and events.
5. **Admin Panel:** Allows administrators to manage donor and receiver data, add hospitals, blood banks, and events, and monitor all system activity.
6. **Email Notifications:** Automated email system notifies donors of requests and informs receivers upon donor confirmation.
7. **Request Status Tracking:** The admin panel shows real-time counts of **Accepted**, **Declined**, and **Pending** blood requests.

Worked on a project in collaboration with Wilkes University, Pennsylvania, United States

Project Title : Game Craze

Technology used : Python (Zelle Graphic Library)

Project Details : The project involves creating an interactive mini-games platform featuring two games: TicTacToe and MindMeld. Utilized Zelle's graphic library to create a dynamic GUI and integrated features like a play-again option, score display, and timer for an engaging user experience. The platform will allow users to engage with both games in an interactive and userfriendly manner.

PRESENTATIONS

- Presented a case study on MGID India Pvt. Ltd.'s in-house ERP implementation in Final Year. Analyzed its impact on operational efficiency, customization benefits, and workflow optimization.
- Did a group presentation on Minor Research Project in Sem 5
Delivered a presentation on the topic: A Study on Awareness and Adoption of Cloud Computing among Students and Working Professionals.
- Have been part of a group presentation on NATURAL RESOURCES in the second year.
- Presented a Book Review on novel "The Chronicles of Narnia" highlighting leadership, courage and personal growth in my 1st year.

AWARDS / ACHIEVEMENTS

Received the "A" Grade in Elementary Drawing Examination.

Received "DISTINCTION" Grade in Bharatnatyam Classical Dance Exam during my dance course.

LANGUAGE PROFICIENCY

Can read, write and speak in English, Hindi and Marathi

WORK EXPERIENCE

Fresher
