CAREER OBJECTIVE

I am an aspiring and dedicated psychology student with a profound interest in neurosciences, seeking an internship opportunity to apply and expand my knowledge in the field. Eager to leverage strong communication skills and compassionate approach to contribute to the upliftment of underprivileged communities. Committed to learning and integrating neuropsychological insights to improve mental health outcomes and promote well-being. Passionate about advocating for and implementing effective mental health support systems for those in need. A little bit of kindness, loads of courage and a pinch of wisdom as well as compassion makes things a bit better.
