WORK EXPERIENCE

Jan'22–Jun'22

Intern

CISCO INC. · India 📍

Contributed significantly to the design and implementation of automation solutions, helping develop migration dashboards to meet client requirements and improve efficiency.

Pursued industry-recognized certifications as part of continuous self-development, including:

Cisco DevNet Associate [200-901 DEVASC] – Gained hands-on expertise in network automation, APIs, and software-driven infrastructure.

Cisco Certified Network Associate (CCNA) [200-301] – Established strong networking fundamentals, supporting efficient delivery of client migration projects.

Jun'22–Present

Full Time

CONSULTING ENGINEER AT CISCO INC. · India 📍

Client: JIO

Delivered network design solutions and migration strategies for JIO, driving the successful implementation of 5G in India (Sep'22–Mar'23)

Client: T-Mobile

Played a key role in high-stakes migration windows involving live traffic transitions for T-Mobile, ensuring zero service disruption while enabling major router upgrades that improved network speed and helped achieve business milestones (Mar'23–Present)

Took initiative to develop TTP and Jinja2 scripts for automating network migration from Juniper to CISCO, reducing manual effort for critical client migrations.

PROJECTS AND PUBLICATIONS

2020–2021

Social Distance Detector using OpenCV

CONTRIBUTOR

Developed a computer vision-based social distancing detector to support public safety through real-time monitoring during COVID-19, contributing to a meaningful social impact during a global crisis.

2022

Malicious Software Detection using ML

LEAD CONTRIBUTOR · AIPCP23

Led a team of four to design and implement a machine learning-based malware detection system aimed at enhancing cybersecurity. The project was recognized for its societal relevance, and was published in the International Conference on Materials, Processing, and Characterization (Manuscript Ref: AIPCP23-CF-ICMPC2022-00007).

EXTRA-CURRICULARS

2018–2022

National Service Scheme

MEMBER ·

Organized community outreach initiatives, including distributing sanitary pads in rural areas using college funding and providing PCs and research materials to underprivileged school children.

2022–Present

Corporate Social Responsibility

MEMBER ·

Focused on environmental restoration and special education needs, including lake clean-up efforts (Bangalore, India) and providing audio learning resources for visually impaired children.
