- Critical Thinking

LANGUAGES

- English (Fluent)
- Hindi (Fluent)

PROFILE

A dedicated and inquisitive first-year psychology student with a strong passion for understanding human behavior and mental processes. Enthusiastic about exploring the complexities of cognition, emotional intelligence, and behavioral patterns while applying academic theories to real-world scenarios. Highly motivated to contribute to psychological research and interventions that promote mental health awareness. Equipped with exceptional analytical thinking, research capabilities, and interpersonal skills, eager to expand knowledge through practical experiences in both academic and professional settings.

WORK EXPERIENCE

FORTIS HOSPITAL

Internship under Dr. Samir Parikh

- I did a 6 days internship program at Fortis Hospital, Vasant Kunj.
- Developed basic skills in mental health screening, documentation, and patient interaction.
- Attended seminars and case presentations, enhancing understanding of clinical psychology and hospital protocols.

Wevolve- Mental health Club

Social Media Team Core Member

- Gained insight into mental health advocacy, audience engagement, and responsible communication on sensitive topics.
- Collaborated with my team to plan, create, and manage content aimed at raising awareness about mental health among university students.

Pledge A Smile

Fundraiser

- Cultivated empathy and a deeper understanding of social responsibility through direct involvement in impact-driven campaigns.
- Developed persuasive communication and outreach strategies to engage potential donors through social media, emails, and personal outreach.
