EDUCATION

Chennai, Tamil Nadu

SRM University

June 2023-May 2027

B.Tech.-Computer Science and Engineering with Specialization in Cyber Security

Cumulative GPA: 9.83

CYBER SECURITY

[TryHackMe](#)

- Regularly solve rooms to keep honing my skills and improving myself.

picoCTF

- Solved over 100 CTFs which have helped me understand the basics of all the major categories in CTFs and I continue to solve more.

PROJECTS

- [CSS Anime Landing page](#) - A landing page for an anime nation where the aim of the project was to style the page using flexbox and various other CSS attributes and decorations
- [RFID based Attendance System](#) - A face recognition based Attendance system which also takes the RFID into account, hence ensuring 2FA on the attendance system and preventing fake entries.

EXTRA CURRICULAR

Cyber Security Lead

CodeKrafters

Nov 2023 -Present

- A technical club with a cyber security domain purely focused on upskilling and sharing knowledge
- Taken multiple sessions on Linux and an active CTF player.

NPTEL

Computer Networks and Internet Protocol

Jan 2024 - April 2024

- A 12 week networking course which covers the OSI model, IP routing and services, TCP/IP and various other topics.

ACCOMPLISHMENTS

- [5th place at National level CTF @Vashisht 2024](#)
- [First prize at National level tech symposium Aurganon '24](#)
- [2nd prize at National level CTF @CyberCarnival2025](#)
