WORK EXPERIENCE

Restructuring and Turnaround Analyst, Alvarez and Marsal, Gurugram

June 2024– May 2025

- Researched the renewable energy market in the European region and profiled 20 selected companies to identify key challenges and future recommendations
- Analysed detailed financial and strategic reports including income statements, balance sheets, cash flows, and key operational data; synthesised the data into data books covering liquidity, capital structure, and financial framework
- Assessed the quality of target companies' reported earnings, net assets, and cash flows; assisted in preparing deal-oriented reports and presentations highlighting key financial, commercial, and operational findings impacting investments and drivers behind profits and cash flows
- Contributed to 5+ Chapter 7 & 13 bankruptcy cases across energy, hospitality, and industrial sectors as part of the North American team; structured client liabilities and streamlined internal processes
- Developed POV documents and pitchbooks for business development across European and North American markets
- Analysed the restructuring plan for an African oil & gas client; assessed causes of bankruptcy, recovery strategy, and future recommendations
- Contributed to \$100M+ synergy realization in a Canadian activewear merger by supporting post-merger integration; helped reduce integration timeline from 24 to 15–18 months
- Studied the U.S. solar sector; assessed bankruptcy drivers and analysed the client's financials and growth plans
- Worked on a financial operations benchmarking project for a Dubai-based conglomerate; analysed industry KPIs, identified performance gaps, and proposed a 20% cost reduction Completed training in restructuring, bankruptcy, commercial due diligence, private equity, Excel, and PowerPoint
- Consistently received 4+ performance ratings across all projects

ACADEMIC PROJECTS

- **PROJECT Earth Analytica Lab:** Earth Analytica Lab required our assistance with market research pertaining to the Agro-Tech. My role was to prepare a comprehensive report on key organizations operating in the Indian Market pertaining to the Agro-Tech Sector and develop a comprehensive Customer Retention Plan.
- **PROJECT Barefoot Edu Foundation:** Barefoot Edu Foundation launched Meaningful Education Championship, to be held across 13 schools in Mumbai. Our team helped Barefoot in planning the activities, creating a structure for documentation, implementation plan of activities, an assessment tracker, and marketing and communication aids
