About Me

As a dedicated and socially conscious individual, I am deeply passionate about child rights and ensuring every child receives the care, education, and protection they deserve. My background in mass communication has equipped me with the tools to raise awareness, advocate for change, and engage communities effectively. I am eager to contribute my skills and energy to CRY Foundation's mission of creating a just and equitable society for children. With a strong sense of empathy, responsibility, and teamwork, I am committed to supporting CRY's initiatives and growing as a change agent for children's rights.

EXPERIENCE

Attended an international lecture by Prof. Matthew Powers and Prof. Ekin Yasin on media, communication and social development. It helped me understand global perspectives and how communication can create social awareness and change.
