SUMMER INTERNSHIP / WORK EXPERIENCE

Strategic Growth Intern, Zomato	Jul 2024 - Oct 2024
- Analyzed Swiggy and Zomato strategies, optimized M2C performance metrics, and collaborated with cross-functional teams to resolve bottlenecks, driving a 5% increase in overall order volume. - Boosted Menu-to-Cart (M2C) conversions by 20% through menu restructuring, enhanced dish descriptions, accurate tagging, and coordinating 50+ professional photoshoots to elevate restaurant listing visuals. Onboarded 50+ restaurants in 3 months by conducting strategic market visits, negotiating commission structures, and streamlining compliance processes with food license agents.	
Project Intern, Tamil Nadu e-Governance Agency	May 2023 - Jul 2023
- Gathered stakeholder requirements, created detailed documentation, and utilized UI/UX design principles to develop intuitive wireframes and prototypes for a user-friendly website for Tamil Nadu's Animal Welfare Board. - Worked closely with cross-functional teams, including designers and developers, to align project milestones with stakeholder expectations and ensure smooth execution. - Conducted user testing sessions, collected feedback, and contributed to improving the website's usability and functionality for an optimal end-user experience.	

PROJECTS

Bike Purchase Analysis and Dashboard Development - Data Analysis and Visualization	Nov 2024 - Dec 2024
- Analyzed customer demographics, financials, and commute patterns to identify bike purchase drivers. - Developed an interactive Excel dashboard with advanced filters for dynamic data analysis. - Applied segmentation to uncover trends and relationships influencing sales. - Delivered insights to support data-driven marketing strategies and boost sales.	
Sales Performance Analysis using Tableau - Business Intelligence & Data Visualization	Nov 2024 - Dec 2024
- Designed Tableau dashboards for sales call analysis with drill-down insights. - Visualized top sales reps' call volumes by type, time, and branch. - Created executive-ready dashboards for branch and call distribution analysis.	
Sales & Revenue Analysis using SQL - E-commerce & Retail Analytics	May 2024 - Jun 2024
- Analyzed customer spending and product sales using SQL joins, aggregations, and subqueries to identify top customers and high-revenue products. - Optimized logistics expenses by evaluating shipping costs with SQL queries to detect above-average freight charges. - Ensured data accuracy by updating and standardizing discounts for discontinued products.	

EXTRA CURRICULAR ACTIVITIES

Cricket
Competed in the Hyderabad Cricket Association (HCA) league and age-group tournaments for six years, earning multiple medals and trophies for outstanding performances.
