PROFILE

I am a motivated and inquisitive Master's student in Criminology with a specialization in Forensic Psychology, passionate about exploring human behavior and its intersection with the criminal justice system. A beginner blogger, writing on topics related to criminology, psychology, and social issues, aiming to educate and spark meaningful discussions. Enthusiastic about building foundational skills in research, analysis, and communication, with a keen interest in contributing to innovative projects. Eager to grow through learning and hands-on experiences in academic and professional settings.
