CAREER OBJECTIVE

Seeking a challenging position in Business Analysis, Business Consultancy, Business Development, Business Transformation, Change Management Analysis, Innovation, Performance Improvement and allied fields where my analytical expertise and entrepreneurial spirit can be leveraged.

PROFILE

Analytical and results-oriented professional with a Master of Science in Innovation Management and Entrepreneurship and **2+ years of experience at Ernst & Young, India**. Skilled in identifying tax discrepancies, analyzing complex regulations, and developing solutions for clients.

WORK EXPERIENCE

Year	Organization	Position	Place
2021-23	Ernst & Young LLP	Tax Analyst, Indirect Taxation	Delhi & NCR
• Identified client benefits and dispute opportunities, analyzed government notices on indirect taxes and customs duties to uncover potential advantages for clients and areas of disagreements. • Drafted customs duty appeals, prepared client appeals to recover special additional customs duties, demonstrating problem-solving skills. • Ensured accuracy in indirect tax return submissions, focusing on detail and client service. • Demonstrated strong organizational capabilities and led numerous graphic design projects to improve the company's marketing and website experience.
