ADDITIONAL INFORMATION:

Projects:

- **Research project on ‘_Eating Disorders and The Sociology Behind Food_’ (2023)**
Researching on the sociology behind food and eating disorders, reviewing literature pieces such as articles and seeing out a questionnaire, conducting interviews and analysis transcripts to come up with conclusions on how individuals view ED's and how their environment influences their relationship with food.
- **Research project on ‘_Developed/Coded a Quizzing Outlet for Kids to spend there time efficiently using Python Programming (‘Quiz For Fun!’_’ (2023)**
Coding a simple GK Quiz game using Python. This was created in order for children to use their time on technology more efficiently.
- **Research project on ‘_Persuasion Psychology_’ (2023)**
Researching on the theories of Persuasion Psychology and implying them to real life scenarios by seined our surveys and analysing results.
- **Research project on ‘_Coded an Online Museum Management System using MySQL and Python_’ (2024)**
Developed an online museum management system to streamline artwork cataloging, visitor tracking, and inventory management.
- **Research project on ‘_Case Profile On Down syndrome_’ (2023-2024)**
Conducted an in-depth case study on a child with Down syndrome, focusing on developmental milestones, educational strategies, and support systems.
- **Research project on ‘_Language and Cultural Identity_’ (2024)**
Explored the impact of language on cultural identity in post-colonial India through analysis and a survey inspired by *The Last Lesson.*
- **Research project on ‘_Academic Essay On Othello By William Shakespeare ’ (2024)**
This academic essay analysed how the true villain in *Othello* is not Iago but Othello himself. Drawing on articles, critical interpretations, and textual evidence, it explored how Othello's actions, decisions, and tragic flaws ultimately led to his own downfall.
