PROFILE INFO

I'm an incoming btech student in Electronics and Telecommunication engineering, with a passion for aerospace and aeronautics. I aim to merge my technical skills with my passion for spacecraft dynamics, striving to achieve breakthrough in the advancements of this field. I thrive as a perpetual learner and leader, broadening my skillset in data science, machine learning, and offbeat problem-solving techniques

EDUCATION

2022-2024

PACE JUNIOR COLLEGE

- highschool completion in field of engineering

2012 - 2022

NAVY CHILDREN SCHOOL

- schooling upto grade 10
- percentage:94

SKILLS

- Bold Unique Offbeat ideas
- Leadership and Mentoring
- Effective Communication
- Observative
- Multitasking
