PROFESSIONAL SUMMARY

First-year psychology undergraduate with clinical internship experience in case history, MSE, and basic counselling. Eager to contribute to an NGO setting by applying foundational psychological knowledge to support mental health, child development, or community outreach initiatives.

WORK HISTORY

Unique Psychological Services - Intern

New Delhi, India

07/2023 - 07/2023

(1-week internship)

- Learned the fundamentals of **ethical guidelines** in psychological practice, including confidentiality, informed consent, and therapist boundaries.
- Gained practical understanding of **writing case histories** and conducting **Mental Status Examinations (MSE)**.
- Introduced to **basic counselling skills**, such as building rapport, active listening, and non-judgmental responses, through observation and guided practice.

Unique Psychological Services - Intern

New Delhi, India

09/2023 - 03/2024

(6 Months Internship)

- Observed sessions involving children with Autism, ADHD, and Specific Learning Disabilities, and adults with schizophrenia, depression, and anxiety disorders.
- Assisted in taking case histories and conducting Mental Status Examinations (MSE) under supervision.
- Gained hands-on exposure to standardized psychological tools, including **MISIC, WAPIS, NIMHANS Index of SLD, DBDA, and SSCT**, enhancing understanding of cognitive, emotional, and learning assessments.
- Participated in clinical observations and case discussions, learning how psychological assessments inform diagnosis and treatment planning.
- Learned foundational skills in client communication, ethical conduct, and maintaining a therapeutic environment in a real-world clinical setting.

SKILLS

- Case History Taking & Clinical Observation
- Empathetic and Non-judgmental Communication
- Exposure to Psychological Assessments (MISIC, WAPIS, NIMHANS SLD Index)
- Understanding of Neurodevelopmental & Emotional Disorders
- Active Listening & Building Rapport
- Basic Understanding of Child & Community Mental Health
