## WORK EXPERIENCE

### Kognitiv

Digital devloper

Nov 2022- FEB 2023

- Managed content modules for dynamic campaigns, setting rules based on targeted audiences and pulling segments to meet client requirements, including segmented campaigns and triggered events (such as welcome email series, cart abandonment, and monthly statements).
- Collaborated with Program Managers and the Email Marketing Manager to understand business cases, assist in developing emergency campaign strategies when necessary, and perform ad-hoc tasks.
- Worked closely with the commercial sales team to report progress toward monthly revenue goals, share campaign analytics and key insights, and collaborate on marketing initiatives aimed at generating new business opportunities and strengthening client relationships

### Fisdom

Email marketing specialist

Jul 2021- Aug 2022

- Took ownership of the entire bottom-of-funnel strategy, including email, SMS, WhatsApp, automation, and push notifications.
- Collaborated closely with the bank RMZ to address any banking requirements and strategize for improved investments.
- Analyzed campaign performance and recommended improvements for enhanced engagement.
- Developed a strategy that resulted in higher open and click rates while reducing overall costs
