EXPERIENCE

2024 Sept- CURRENT

Aaghaaz e Taleem

Logistics / Event Manager+ Photography

- Designed and conducted interactive workshops on real-life skills, science, and problem-solving, equipping slum children with practical knowledge to navigate daily challenges.
- Led community engagement efforts, building relationships with underserved families to encourage participation in educational initiatives.
- Created compelling digital content, including impactful reels and social media campaigns, to raise awareness and amplify the voices of marginalized communities.
- Photographed key workshops and on-ground activities, visually documenting AeT's work to strengthen outreach and engagement.
- Organized donation drives and fundraising stalls, securing resources to provide essential learning materials, nutrition, and support for children in need.
- Taught and mentored students, fostering curiosity and confidence in learning while guiding them toward enrollment in government schools.
- Planned and managed large-scale events, ensuring seamless execution of educational and awareness programs through meticulous logistical coordination.

2024 Dec - CURRENT

Under a professor-
Krupa Nishar

Project Intern

- Managed outreach and contributor coordination, facilitating collaboration among experts and ensuring timely progress.
- Reviewed and refined content, ensuring clarity, coherence, and adherence to project guidelines.
- Designed visually compelling materials, including cover layouts and promotional content using Canva.
- Tracked project timelines and evaluations, maintaining organized documentation via Google Sheets and Google Docs.
- Drafted and managed professional communications, sending outreach emails and coordinating responses.
- Assisted in research and content structuring, ensuring high-quality deliverables aligned with project goals.

EXPERIENCE

2025 Jan- CURRENT

Pehchaan-The Street School

Psychology Intern

- Conduct in-person weekend sessions, teaching underprivileged children about emotions, self-awareness, and social skills to support their psychological well-being.
- Develop engaging, age-appropriate activities to help children express their emotions, build confidence, and improve interpersonal communication.
- Bridged the gap between psychology and everyday life, teaching children how to navigate friendships, conflicts, and self-worth in an often unforgiving world.
- Foster a safe and supportive learning environment, ensuring children feel heard, valued, and empowered.
- Collaborate with a network of educators and volunteers, working towards breaking barriers in education accessibility.
- Worked hands-on in a community where education is a privilege, ensuring every session left a lasting impact beyond academics.

2025 Jan-Feb

Nous Network

Research Intern

- Conducted in-depth field research, engaging directly with individuals from diverse backgrounds to understand how lived experiences shape perspectives.
- Bridged academic knowledge with real-world issues, applying sociological and psychological frameworks to analyze cultural and political dynamics.
- Facilitated meaningful conversations on human rights, community development, and social change, gaining firsthand insight into societal complexities.
- Developed critical thinking and qualitative research skills, refining my ability to interpret narratives, identify patterns, and draw meaningful conclusions.
- Strengthened community engagement efforts, ensuring that research remained ethical, inclusive, and representative of diverse voices.
- Translated research findings into actionable insights, contributing to discussions on development, policy, and advocacy.

2023-2024

Uri Foundation

Visuals and Research Intern

- Captured compelling visuals through photography and videography, documenting on-ground realities to enhance storytelling and awareness campaigns.
- Produced engaging written content, crafting narratives that highlight the challenges and resilience of the people in conflict-affected regions.
- Recorded and edited impactful media, ensuring stories were not only heard but seen and felt by a wider audience.
- Bridged research with advocacy, transforming data into meaningful insights that support the foundation's mission of social change.
- Collaborated with a grassroots-driven team, working closely with local communities to ensure authentic and ethical representation in all content.
- Conducted in-depth research on socio-political issues affecting border communities, contributing to content that amplifies marginalized voices.
