PROJECTS

- Inceptrib Hackathon Platform** | *UI/UX Design, Event Management, Marketing*Mar. 2024 – Apr. 2024
 - Designed and developed comprehensive event platform for pan-India hackathon with Dell partnership
 - Created marketing strategy that resulted in 500+ registrations from top engineering colleges
 - Implemented user feedback system that improved participant satisfaction by 35%
- University Cultural Festival Management** | *Event Coordination, Technical Management*Sept. 2024 – Present
 - Developed comprehensive event management system for college festivals with 2000+ participants
 - Implemented real-time console management system for live performances and technical coordination
 - Optimized resource allocation resulting in 25% cost reduction while maintaining event quality

TECHNICAL SKILLS

Programming Languages: Python (Advanced), C/C++ (Intermediate), JavaScript (Intermediate), SQL (Advanced), R (Intermediate)
Business Development: Market Research, Growth Strategies, Data-Driven Decision Making, Competitive Analysis
Design & UI/UX: User Interface Design, User Experience Design, Marketing Creative Design, Brand Identity Development
Event Management: Console Operations, Live Event Technical Management, Logistics Coordination, Stakeholder Management
Core Technologies: Machine Learning, Deep Learning, Data Structures & Algorithms, Computer Vision, Natural Language Processing, Cloud Computing

KEY ACHIEVEMENTS

- Successfully organized pan-India hackathon Inceptrib with Dell partnership, attracting 500+ participants
- Led marketing initiatives that secured \$50,000+ in sponsorships for entrepreneurship events
- Improved user experience metrics by 40% through strategic UI/UX design implementations
- Managed large-scale cultural events with 2000+ attendees while maintaining budget efficiency
- Established partnerships with 100+ tech companies and academic institutions
