RESEARCH/ACADEMIC PROJECT

Living Identity Token (LIT): Digital Identity Innovation for the UN Citiverse Competition

March, 2025

Preprint | [ResearchGate](#)

- Conceptualized and developed a blockchain-based digital identity solution to address challenges in identification and financial inclusion.
- Designed a secure, three-phase process (Registration, Generation, Integration) that creates dynamic digital identities for improved access to banking, healthcare, and public services.
- Entered the prestigious UN Citiverse Competition (an international initiative for sustainable urban digital innovation), emphasizing cost-effective, scalable design for underserved communities.
- Led the project independently, showcasing a blend of technical expertise and social impact-focused strategy.

WORK EXPERIENCE

Intern- Growth Manager, Food-Pe, Gurugram

Oct, 2024 – Jan, 2024

- Implemented Food-Pe's proprietary restaurant management software, achieving a 95% user adoption rate and improving operational efficiency.
- Conducted follow-up calls and gathered feedback, leading to a 20% increase in customer satisfaction and retention.
- Advised on pricing strategies and promotional offers, resulting in a 15% increase in sales and profitability.
- Developed interactive training sessions with live demonstrations and hands-on practice, enhancing software proficiency by 30%.
- Streamlined processes through automation and collaborated on over 10 successful cross-departmental marketing and design projects.

Subject Matter Expert, Bartleby Technologies

Dec, 2023 – Apr, 2024

- Provided clear and accurate step-by-step solutions for Economics and Business problems, maintaining a high student rating.
- Assisted over 100 students, significantly improving their understanding and academic performance, receiving positive feedback for clarity and accuracy.
- Utilized strong analytical skills to break down complex problems and deliver concise explanations.

Market Research Intern, HappiMynd

Sep, 2023 – Oct, 2023

- Conducted market research and product feedback surveys with over 50 participants, gathering valuable insights for product development.
- Generated 40+ leads by persuading participants to complete surveys, showcasing strong communication and sales skills.
- Assisted in the collection of feedback to support product development efforts.
