SUMMARY

I am a dedicated biomedical engineering student with an interest in the medical applications of biology. I would like to design meaningful technologies that enhance life. I am regarded for my focus on details, hard work, and determined manner of working. I believe in innovation and self-improvement, and I would like to contribute meaningfully to the healthcare industry, and make a difference.

SKILLS

- Critical thinking and problem solving
- Research and networking
- Leadership and teamwork
- Strategic planning
- Effective communication
- Patient care documentation

EXPERIENCE

INTERN, 12/2024 - 12/2024
KIMS HOSPITALS. ONGOLE. INDIA

- Acquired hands-on experience in accessing medical technology for patient care,
- Calibrated medical devices to ensure optimal performance.
- Assisted healthcare workers with documentation and record-keeping tasks.
- Gained practical insights through exposure to departmental operations.

EDUCATION

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY
CHENNAI

Bachelor Of Technology: Biomedical Engineering
9.0 CGPA

DELHI PUBLIC SCHOOL, VIJAYAWADA. INDIA.
03/2023

High School Diploma
CBSE | PCB| 8.4CGPA

ONGOLE PUBLIC SCHOOL, ONGOLE
High School Diploma
ICSE | 9.5 CGPA

PROJECTS	• Pulse rate monitoring system based on an optical sensor and PPG • DIY hearing aid machine using LM358 audio amplifier IC • Working on non-invasive device to detect synovial fluid using ultrasound. • Working on a rehabilitation device for knee surgery patients
LANGUAGES	English Hindi Telugu German
CERTIFICATIONS	• Workshop on virtual reality development, SRM • DAYZERO hackathon participation, CodeNex Club, SRM • Social Entrepreneurship, Udemy • Six Sigma: Green Belt, IBM
ACCOMPLISHMENTS	Project Funding: INR 14,000, SRM Institute of Science and Technology, KTR
OTHERS	• Coding: C, Python, Matplotlib • Areas Of Interest : Medical Imaging, Quality Control and Management, Artificial Intelligence and Machine Learning, Sensors, Regulatory Affairs, Human Anatomy and Physiology.
DECLARATION: I hereby declare that the facts given above are genuine to the best of my knowledge and belief
