PROFILE

I am currently pursuing a Bachelor's degree in Sociology Honours with Research, which has equipped me with strong analytical and communication skills, as well as a deep understanding of consumer behavior, social patterns, and cultural dynamics. Alongside my academic journey, I worked as a Marketing Intern at Healthy Corner, a health-focused food startup providing door-to-door services. At Healthy Corner, I applied both soft and hard skills to support customer engagement, digital promotions, and market analysis. My background in sociology helped me understand target audience preferences, conduct basic surveys, and design messages that resonated with different communities. This experience gave me real-world exposure to startup operations, grassroots marketing, and customer-focused service in the health and wellness space.
