PROFESSIONAL EXPERIENCE

Accenture (Feb 2023 – Mar 2025)

Management Consulting Manager

- Defined and implemented enterprise learning strategies for Fortune 500 clients; collaborated with global stakeholders to ensure business alignment.
- Integrated AI tools and data analytics into L&D processes, enabling personalization and improved ROI.

- Led cross-functional teams to deliver blended learning experiences, from simulations and microlearning to VILTs.
- Co-created technical proposals and global capability development strategies tailored to client contexts.
- Led projects with budgets exceeding \$1M, managing risk, quality, and stakeholder engagement.
- Mentored consultants, instructional designers, and graphic designers; facilitated training and team-building sessions, promoting continuous capability growth.
- Maintained comprehensive project documentation, ensuring transparency and accountability. Established clear communication channels with stakeholders, providing regular updates on project progress. Crafted project status reports and presented them in a clear and concise manner.

Novartis (Jan 2020 – Feb 2023)

Enterprise Portfolio Partner

- Co-led the creation of a global learning curation and portfolio model (Enterprise Learning Portfolio), increasing stakeholder engagement by 124%.
- Partnered with Regional Learning Heads and global stakeholders to align learning strategies with business priorities.
- Partnered with leading global content providers (Coursera, LinkedIn Learning, getAbstract, Skillsoft, HS Talks) to identify and curate content according to business needs, and created relevant learning pathways on vendor libraries.
- Collaborated with the Learning Analytics team to track ROI and present data-driven impact analysis to stakeholders.
- Advised on LXP implementation (EdCast), training internal teams and ensuring adoption across business units.
- Collaborated with One Novartis Portfolio team and the Skills Office to identify Future Skills and define strategy to create and implement a skills taxonomy for coherent skill-based learning
- Designed and delivered team development journeys and resilience workshops for senior leaders during a global transformation.

HSBC (Oct 2016 – Dec 2019)

Manager, Education

- Designed and developed learning initiatives across regions for Financial Crime Risk Education through engaging storytelling and animated microlearning modules.
- Assisted, guided and mentored the development team including instructional designers, graphic designers, trainers and SMEs.

- Managed learning projects end-to-end from identifying learning gaps to developing and deploying learning and performance support solutions, ensuring alignment with business objectives.
- Established quality control processes to ensure the accuracy and completeness of project deliverables.
- Collaborated with on-shore and off-shore stakeholders for defining project scope, tracking project development and mitigating risks.

Deloitte (Sept 2012 – Oct 2016)

Senior instructional designer

- Led learning projects from needs analysis to delivery, ensuring timelines and quality.
- Created one of the very first micro-learning videos which was showcased across locations to promote awareness on confidentiality of information.
- Partnered with diverse Business Units to identify learning needs and provide learning solutions accordingly.
- Developed storyboards and eLearning courses in accordance with instructional design models, industry standards, and brand standards and bridge the competency gap of employees enabling them to perform better at their jobs.
- Reviewed content for quality.
- Maintained stakeholder satisfaction through clear, proactive communication and alignment on proposed learning solutions and expected outcomes.
- Assisted, managed and mentored the development team including instructional designers and graphic designers.

Collabera (Aug 2010 – Jan 2012), Next Education India Pvt Ltd. (Dec 2008 – Aug 2010), Sankya Infotech Ltd. (Jun 2007 – Jun 2008)
