

My interest is to pursue research in the field of computational neuroscience or bioinformatics. I intend to build strong mathematical and computational background combining my interest in biology to work towards contributing to advanced fields, like, genomics, proteomics, sensory processing and cognition.

Education

- Freshman at University of California, Davis – 2024 (Winter Quarter – COE Dean’s Honor List)
- Graduated high school from Delhi Public School Bangalore South - 2024
- Grade 12: Central Board of Secondary Education, India – 2024, 86.7% (A2)
- Grade 10: Central Board of Secondary Education, India – 2022, 97.2% (A1)

Co-curricular

- 1st place in ‘The outbreak’ Biology Competition conducted as a part of Confluence 2022 Intraschool Fest during 11th grade
- 2nd place in Silver Zone Olympiad (English) at school level, 3rd place at state level and 81 Olympiad rank during 10th grade
- Won ‘best delegate in UNW committee’, IIMUN
- Youngest attendee in a workshop on Cancer Biology at IISc in Jun’23
- Participated in ‘Code India Code’ conducted by IIT to get an understanding of IoT systems during 9th grade

Extra-curricular

- Core committee member for Confluence 2023, a series of 30 inter-school competitions.
- One of the lead dancers in Imbroglia Productions’ ‘High School Musical Jr’ (1st licensed production of Disney’s High School Musical Jr in Asia), 2022
- Runner up in Relev’e, the inter-school dance competition organized by DPS North, 2023
- SpellBee – distinction with Gold Medal in International Level during 8th grade
- Trained Bharatnatyam (Indian classical dance form) dancer since 8th grade; given multiple stage performances

Leadership

- Grade 12, 2023 – 24: School Vice-Captain
- Grade 11, 2022 – 23: House Captain
- Grade 10, 2021 – 22: House Vice-Captain
- Grade 9, 2020 – 21: NSS Captain

Community

- Contributed to "100 kids, 100 smiles, 100 skills" project at Belakoo Trust, an NGO focused on improving the access and quality of education to underprivileged children
- Researched "pedagogy of teaching" and "pedagogy of learning" and provided the findings in two papers
- Part of equality club that discussed and debated issues and solutions around gender, socio and economic inequalities as well as global warming and climate change
