 [LinkedIn-Vani Sharma](#)

A data analysis professional with a strong academic foundation in mathematics and extensive experience in data handling, visualization and operations research. I am skilled in preparing data, creating reports and driving decision-making by leveraging my deep technical knowledge and sharp analytical abilities. I apply data-driven thinking to solve real-world problems and generate actionable insights with a focus on clarity and impact.

Skills & Experience

Technical Skills

Tools & Software:

MS Excel | Power BI | R | SQL | Python (Beginner) | MS PowerPoint | LaTeX

Analytics Skills:

Data Cleaning | Data Visualization | Data Exploration | Basic Statistical Analysis | Report Preparation

Work Experience

Junior Coordinator

Ananya Placement Cell, Department of Mathematics, University of Delhi

- Led and coordinated placement initiatives for final-year students; enabled over 15 students to secure roles
- Managed internal datasets and prepared placement reports for stakeholders and faculty

Project Work

Sales Performance Dashboard – Power BI + Excel

Created a 3-page interactive report analyzing sales data from a global superstore dataset. Tracked KPIs such as total sales, profit, and margin. Delivered insights by customer segment and product category. Used Excel for data cleaning and Power BI for visualization, DAX-based measures, and interactivity through slicers and drilldowns.

Certification

- Udemy Power BI Masterclass - Beginners to Advanced
- NPTEL - Essentials of Data Science With R Software-1: Probability and Statistical Inference
- NPTEL - Operations Research
- NPTEL - Programming, Data Structures and Algorithms using Python

Achievements

IIT JAM (Mathematics), 2024 – AIR 1294

Education

Department of Mathematics, University of Delhi

- M.Sc Mathematics 2024- Present

Zakir Hussain Delhi College, University of Delhi

- B.Sc (H) Mathematics with a CGPA of 8.23 2020-2023

Chinmay Vidyalaya, New Delhi

- High school - 89.6% 2019-2020

Chinmay Vidyalaya, New Delhi

- Intermediate school - 87.6% 2017-2018
