Objective

Curious and determined web developer currently interning at FARE Labs Pvt. Ltd., passionate about learning, exploring new technologies, and delivering efficient solutions. Eager to leverage practical experience and academic knowledge to contribute to dynamic organizations while continuously growing as a professional.

Experience

Internship at FARE Labs Pvt. Ltd.

Feb 2025 – Present

- Developed and maintained Laboratory Information Management System (LIMS) for internal lab operations.
- Created responsive front-end interfaces using Next.js and integrated backend APIs.
- Participated in Agile sprint planning, daily stand-ups, and peer code reviews.

Projects

- **Food Waste Reduction Website** (MERN Stack)
Full-stack platform connecting food donors to NGOs/recipients. Integrated secure login, post management, and location tracking with Google Maps API.
- **Thali Sanjha – Social Food Sharing Platform** (React, Tailwind CSS)
Responsive, multilingual site enabling users to share surplus food. Features include authentication, geolocation, post visibility control, and accessibility enhancements.
- **Snake Game** (Python, Turtle Library)
Classic arcade game implemented using object-oriented programming. Features increasing difficulty, collision logic, and real-time score display.
- **Simon Says Game** (JavaScript, HTML, CSS)
Interactive browser-based memory game with engaging animations, sound effects, and responsive gameplay.

Education

MCA **K R Mangalam University**, Gurgaon

Aug 2024 – Jul 2026
